

## Tips & Tricks

### How to Change Your Password

In REALM you can change your password on the security tab in settings. To change your passwords:

1. Select the **Avatar** at the top right of the page.
2. Select **Settings**.
3. Select **Security** from the menu.
4. Enter your current password, a new password, and confirm password field in the assigned fields.
5. Select **Change Password**.
